Your building has a centralised electricity system for which Utility Shop is the retailer. This means that electricity is bought in bulk and provided to you at rates discounted from our standard prices. Plus, each property has its own electricity meter, so you're only billed for the electricity you use.

To arrange your electricity or hot water supply, please fill in the form below and email it to us. For more information about centralised electricity, call us on **08 7127 1510**. Some apartments may also have centralised hot water systems or gas cooktops. Check with your owners corporation or building representative if you need to arrange connection for these services. If you're not sure, just give us a call on **08 7127 1510** – we're happy to help.
